# You are Invited!

## The First Flight Society Invites You to Join Us and Become a Part of Aviation History and its Future.

MEMBERS of the First Flight Society share a common interest in aviation, its history and its future. The mission of the Society is to foster and promote a public awareness of and widespread interest in the origin, history and future of flight in all its forms, and to memorialize Orville and Wilbur Wright, first in the world to successfully achieve powered flight in a heavier-than-air machine on December 17, 1903, Kill Devil Hill, Kitty Hawk, North Carolina.

## Join Us in the Celebration of Aviation History!

Each year, we celebrate the anniversary of the 12 seconds that changed the world – the moment the first powered flight lifted off the sand in Kitty Hawk, North Carolina. Over the past century the world has experienced the unprecedented impact of the endeavors of two bicycle manufacturers from Dayton, Ohio – Orville and Wilbur Wright.

Founded in 1927, the First Flight Society, 501(c)3 nonprofit organization, is dedicated to preserving the legacy of the Wright Brothers and to recognize the genius of flight in all its forms, from its beginning to its exploration in the vastness of space.

### EMPOWERED AND DIRECTED BY THIS MISSION, THE FIRST FLIGHT SOCIETY'S ACCOMPLISHMENTS INCLUDE:

Instrumental in preserving the site of the world's first heavier-than-air powered flight and the establishment of the Wright National Memorial.

Establishing the Paul E. Garber Shrine to recognize and honor noteworthy people in the world of aviation, and commission their portrait that is displayed at the Wright Brothers National Memorial Visitor Center.

Sponsoring the annual December 16th and 17th celebrations, including a flyover and a ceremony honoring the Wright Brothers and the Shrine inductee and U.S. Military.

Supporting the National Park Service, Wright Brothers National Memorial. Providing aviation educational programs and activities throughout the year.
